

Brian Zhang

917 526 9663 bzhang1670@gmail.com brianzhang.io 1670 Linden Street, Ridgewood, NY, 11385

Skills

Programming Languages

Java Strong C/C++

Pvthon Intermediate HTML/CSS Javascript

Assembly Netlogo Scheme

Fairly Used

Technologies Used

Flask, ¡Query, Firebase, Unix/ Linux, Unreal Engine 4/5, AngularJS, MongoDB, Android, flex. bison

Knowledge of data structures and search/sort algorithms, regular expressions; Intermediate understanding of higher-level and theoretical CS (machine learning, genetic algorithms, computer vision)

Academic

Knowledge of classical mechanics & applications through engineering (Robotics, bridge rectifiers, pulse-width modulation)

Current Coursework:

Game Engines Building a Tech Startup Artificial Intelligence (Surveying) Operating Systems

Past Coursework

Intro to EE Intro to Programming Data Structures/Algorithms Discrete Math Linear Algebra/Multi/Diff Eq. Intro to Java/Networks/ **Threads**

Professional C++ Intro to Games Programming **Algorithms** Computer Architecture

Education

University of Southern California Computer Science **Stony Brook University** Electrical Engineering **Stuyvesant High School** Regents Honors Diploma

Projects

November 2015 Jauntlet | Software

Built a game from scratch using C++11 and the Unreal Engine. I worked primarily on character movement, and general game logic, but still moved between all aspects of the project including getting character meshes and setting up the map.

Portal Immersion | Hardware + Software Used Kinect, Oculus Rift, and Myo to create a hyper-realistic virtual gaming

experience. I primarily worked on the Kinect for movement and gesture control.

Myo: Fighter of the Streets | Hardware + Software

Calhacks 2014. Created a control system for Street Fighter II using Myo armband from Thalmic Labs in a team of 3. Game performs actions based on motion and gesture inputs from the Myo. Uses the Myo API (C++) and Objective-C. Loudspkr | Software

Created at HackNY 2014 in 24 hours in a team of 4. Allows the user to join a regional chatroom based on nearest foursquare venue. Technologies used: Foursquare API,

Python, Flask, HTML, jQuery, Javascript, Firebase.

Facial Recognition Sentry Gun | Hardware + Software February 2014

Modded a standard automatic nerf gun with 3 other students at HackCooper 2014. Uses OpenCV and an arduino-controlled motor for detecting faces and aligning the gun's camera.

Web Explorer | Software

High school software development class group final project. Created a physics engine using Javascript & jQuery to transform any webpage into a 2D platforming game.

Presented at Google HQ in NYC in June 2013. Presented at NYTM in July 2013.

Experience

Fashion & People | Software Developer

Full-stack developer. Working on building various new pages for the website using agile development methods.

MixSpot | Software Developer

Performed full-stack development to create a mobile-optimized

news website from scratch.

Viterbi Mobile Web Developer | Programmer

Headed (solo) mini-projects on various components of the Viterbi website, from integrating Instagram/Twitter/RSS feeds to optimizing the mobile website.

MIT Zero Robotics | Programmer

Wrote simulation software the the MIT "Spheres" that were ultimately simulated on the International Space Station.

Math Team | Competitor

Participated in various math competitions/contests. (AMC, AIME, Mandelbrot, NYCIML, NYSML, etc).

FIRST Robotics | Engineer

Built robots from scratch for the FTC Robotics team (both programming/constructing the robot) to compete in the FIRST Robotics Challenge. The overall team competed nationally for all 4 years from 2009-2013.

Stony Brook Computing Society | Member

January 2016 - Current

New York

Los Angeles

Los Angeles, CA

Stony Brook, NY

November 2014

October 2014

April 2014

June 2013

2014-Current

2013 - 2014

New York, NY 2009 – 2013

July 2015 - August 2015

University of Southern California

September 2014 – December 2014

Stuyvesant High School

September 2011 – December 2011

Stuyvesant High School

September 2009 – June 2013

Stuyvesant High School

October 2009 - June 2013

Stony Brook University October 2013 - May 2014
